

Wooden clamp

These clamps are constructed for use where a metal clamp is too heavy. The jaws are made of beech and the pressure pads are protected with cork to prevent marring of delicate surfaces. Clamp body of galvanized steel. The sliding lower jaw locks with an easy and quick to use cam lever.

Order No.	Dimensions	Working length	Jaws	Weight	EAN code
30-200	290 x 145 x 24 mm	200 mm	110 mm	500 g	8595574105012
