

CUTTING-OFF WHEELS Diameters 300–400 mm

The EXTRA cutting-off wheels are intended for cutting railway tracks.

Their advantages include high durability, along with high-quality and precise cuts without workpiece overheating.

Greater cutting wheel efficiency can be achieved by turning the machine.

Type	Dimensions D x T x H mm	Peripheral speed m/s	Rpm 1/min	Reinf.	Packaging (units)
F41	300 x 3 x H	80	5100	E	25
F41	300 x 4 x H	100	6400	E	
F41	350 x 3 x H	80	4400	E	10
F41	350 x 4 x H	100	5500	E	
F41	400 x 3 x H	80	3850	E	
F41	400 x 4 x H	100	4800	E
