FEATURES

Want to take a closer look? Learn more about the product in depth by exploring its features and benefits.

Heavy-duty applications

For heavy-duty applications like water evacuation, ventilation and plumbing channels, waste evacuation pipes, gas supply pipes and barriers.

Ideal for concrete and hard materials

Developed for fast cutting in universal construction materials, with a focus on hard materials like granite and hard concrete.

Laser welded

Segments are attached to the tube by laser welding to minimise the risk of segment loss.

Several smart accessories available

With accessories such as adapters, centering devices and extenders the drill job can be made easier.
