- 2-in-1 function: bevel gauge and mitre box in one product
- for sawing precise mitres
- for measuring angles from 85° - 180°
- automatic, error-free transfer of the correct angle to the saw thanks to integrated guide pins for the handsaw (mitre)
- comfortable measuring of room angles
- especially suitable for old buildings thanks to infinite adjustment from 85° - 180°
- no more head scratching when transferring the correct angle to the saw

article no.	description	EAN		angle	product dimensions	weight:
