

TW010GZ

Напрежение:	40 V max XGT
Капацитет на батерията:	4,0 / 5,0 / 8,0Ah
Вид на батерията:	Li-ion
Обороти на празен ход - 1./2./3./4.:	0-600 / 700 / 850 / 1.200min ⁻¹
Стандартни болтове:	M27 -M45
Високоякостни болтове:	M20 - M30
Square drive:	1"
Въртящ момент - висок:	3.150Nm
Nut-busting torque:	4.000Nm
Шум: звуково налягане:	103,0dB(A)
Шум: звукова мощност:	111,0dB(A)
Шум: отклонение:	3,0dB(A)
Вибрации: затягане с удар:	33,4m/s ²
Вибрации: отклонение (K):	3,0m/s ²
Размери (Д x Ш x В):	570 x 135 x 276mm
Тегло:	12,0kg

- For tightening large diameter bolts
- Extended anvil to reach deep well fasteners
- Auto-stop assist modes available in both forward / reverse rotation modes
- LED ring light provides 360° illumination to help eliminate shadows for a better view of the workpiece
- 360° toolless side handle installation with forward and back angle adjustment for fast and easy handle positioning
- Rubber damper joint between the battery and the tool protects the battery from vibrations
- Tethering ring for hanging of the tool or strap installation
- Full speed mode function reduces trigger pull to reach full speed
