HOW TO USE

Shake vigorously the can for at least 1 minute until you hear the inner marbles move freely. Shake even during use. Remove dirt and, if possible, any pre-existing paint. Do not apply on hot surfaces (> 90°C/ 194°F). Use outside or in a well-ventilated area. Keep a distance of 20 - 30 cm/ 8 - 12 inches during spraying.

APPLICATION

Apply a first light layer and a second layer at least 45 minutes apart from each other. Depending on the depth and size of the slot / hole, it is possible to apply the product close to the surface to obtain a better filling effect. It is recommended to use on an inclined and / or flat surface. The product may form foam and / or bubbles. You can re-apply after 24 hours of drying. When finished, turn the bottle over and spray until the product is completely drained to clean the dispenser.

MODALITY OF STORAGE

Before using: stock the product in a dry location and don't stock it with a temperature under 5°C and over 45°C, after the use, keep containers closed. In the original package, the product can be conserved for 24 months (warranty). The product doesn't expire.

After the first usage: conserve in a fresh and dry location, away from hot spring. Keep out of reach of children.
