

Flexible flat duct connector

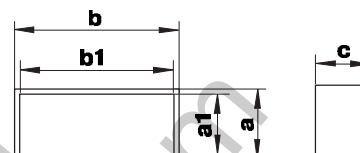

Application

- Supply and exhaust ventilation of various premises.
- Connection of same sized flat flexible ducts.

Design

- Made of white PVC.
- Cover the connector with air duct and fix it with clamps.
- Connecting sizes: 55x100, 60x122, 60x204 mm.

Code	Dimensions [mm]				
	a	b	a1	b1	c
5153	55	110	52	107	60
7173	60	122	57	119	60
8183	60	204	57	200	60

Vertical 90° bend for flat ducts

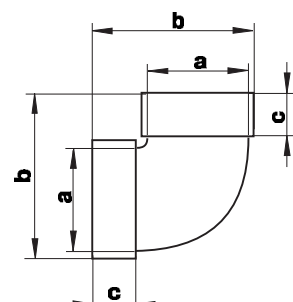

Application

- Supply and exhaust ventilation of various premises.
- Connection of same sized flat ducts at 90° vertically.

Design

- Made of white plastic.
- Connecting sizes: 55x100, 60x122, 60x204 mm.

Code	Dimensions [mm]		
	a	b	c
5252	55x110	89	32
7272	60x120	93	32
8282	60x204	103	42

Horizontal 90° bend for flat ducts

Application

- Supply and exhaust ventilation of various premises.
- Connection of same sized flat ducts at 90° horizontally.

Design

- Made of white plastic.
- Connecting sizes: 55x100, 60x122, 60x204 mm.

Code	Dimensions [mm]		
	a	b	c
5251	55x110	143	32
7271	60x122	155	32
8281	60x204	238	32
