

Връзка МТА бърза с изолация 0.5-1.5 мм², червена

Quick-Lock Connector

- This connector strips, connects, and insulates 10 to 18 gauge wire with a pair of pliers as the only tool.
- Designed for autos, trucks, trailers, boats, and accessories.
- The fastest, most versatile, dependable electrical connector designed for modern transportation equipment.
- Replaces 18 connectors with one.
- Makes tap, in-line, and pigtail splices.
- Works on stranded or solid wire.
- Recommended to be sealed with tape or shrink tube.
- Color: Blue
- Wire Gauge: 18-14
- Caution: Turn off power before installing or removing connector. All electrical work should be done according to appropriate electrical codes

and original equipment manufacturer's recommended procedures.

- For Corrosion Protection use Electrical Compound part no. 80898 or 80899.
