

**Кабел Devi за подово отопление 3x1.50 мм², червен, 2100 W,
210 м, Deviflex 10T**

DEVIflex™ 10T (DTIP)

DEVIflex™ is a fully screened twin conductor cable with a tough red PVC outer sheath, to install in a wide range of floor constructions and pipe tracing systems.

Benefits:

Easy to install
Flexible cable
Safe and robust
Long life-time
DEVIwarranty™ 20 years

Standard Compliance:

IEC 60800:2009

Application areas:

Wide Range of floor constructions
Pipe tracing systems

Technical data	Documentation
Name	DEVIflex™ 10T
Watts per meter	10 Watts
Length of the cable	210m
Output W	2050 W
Rated Voltage	230 V
Construction	Round, twin conductor with screen
Cold tail	2,3m 3x1.5mm²
Rated temperature	65 °C
Min. installation temp. Conductor insulation	-5 °C
Diameter	6.9 mm 100% coverage, alu-foil, tinned
IP class	IPX7
	PEX
Sheath	copper drain wire
Pulling strength	500 N
