

## M12 ATB-OC

### M12™ AUTOMOTIVE TECHNICIAN BORESCOPE

- 4.3" LCD screen delivers sharp and clear images and allows users to see objects in greater detail
- 5.0 mm camera head allows great access to tight places like spark plug holes, fuel injector ports and cylinders
- Front and side view camera guarantees to identify hairline cracks and other issues on the engine and other areas of the vehicle
- 270° rotating screen provides the user fluid image control in every position of use
- 720p camera resolution with 3 level zoom allows to clearly and quickly focus on points of interest
- 5 modes of brightness provide best in class illumination without shadow or glare
- The 0.9 metre cable provides enough flexibility to reach hard-to-reach areas easily and comfortably
- Included 32 GB micro SD card allows to record and store images and videos
- IP67 camera head and camera cable withstands toughest conditions
- REDLITHIUM™ battery pack provides superior pack construction, electronics and fade-free performance to deliver more run time and more work over pack life
- Flexible battery system: works with all MILWAUKEE® M12™
