

**Апарат Деса за плазмено рязане 80 А, 15-20 мм, 155 л/мин, D-
PAC 90**

Description

- **Code: 117900** power source with torch 80A, 6m.

Compressed air plasma cutting machines

- It cuts all electricity conductive metals: steel, stainless steel, aluminum, copper, brass, even if very high stright

Features

Cutting current (Amp): 40 - 80A

Duty Cycle (Amp) (EN 60974-1 40°C): (75A - 30%) - (40A - 100%)

Open circuit voltage (Volt): 265V

Cut / Separation (Fe): 15 - 20 mm

Input voltage (Volt 50/60 Hz): 3 Ph x400V

Installation power (Kw): 12 KW

Fuse (Amp): 30A

Air pressure min/ max: 5 - 6 bar

Air consumption (l/min): 155 lt / min

Torch connection: Diretto - Direct

Weight kg: 77

Dimensions (mm): 630 x 615 x 855

FEATURES : :

Power indicator light: yes

Thermostatic Protection: yes

Safety torch: yes

Cut on grid: yes

Hight frequency: yes

Automatic torch cooling: yes

LOGISTIC INFO CODE : 117900

Barcode: 8011399028171

Package dimension (mm): 790 x 510 x 680

Package weight kg: 78.5

Pieces for pallet: 4

Продукт: [Апарат Деса за плазмено рязане 80 А, 15-20 мм, 155 л/мин, D-РАС 90](#)

Категория: [Плазмено рязане](#)

Бранд: [Деса](#)
