

1062E

- Saldatore professionale per cartucce KEMAP 581 e 581N
- Può essere utilizzato anche con 575, 576, 580, 1121F, 1126F46
- Corpo in alluminio
- Impugnatura ergonomica
- Accensione piezo
- Regolatore di pressione integrato
- Sistema anticapovolgimento
- Blocco fiamma continua
- Fiamma TURBO
- Fiamma ad altissima temperatura

- Chalumeau professionnel pour cartouche de gaz KEMAP 581 ET 581N
- Compatible avec les cartouches de gaz 575, 576, 580, 1121F, 1126F46
- Corps en aluminium
- Poignée ergonomique
- Allumage Piezo
- Détendeur de pression intégré
- Système anti-renversement
- Bouton position flamme continue
- Flamme TURBO
- Flamme haute température

- Professional blow torch for cartridges KEMAP 581 and 581N
- It works also with 575, 576, 580, 1121F, 1126F46
- Aluminium body
- Ergonomic handle
- Piezo ignition
- Integrated pressure regulator
- Anti-flare system
- Continuous flame lock
- TURBO Flame
- Very high temperature flame
