

FLAT HOSES

Code: 6005

Very flexible hoses with high resistance to mechanical damage. Another advantage is represented by minimum requirements for hose storage. Ideal for pumps.

Colour version: opaque black PVC core and blue coat

Structure: opaque black PVC core, braided with textile yarn, opaque blue PVC coat

Operating temperature: -10°C to +60°C

Note: Other hose dimensions can be offered on customer request

Inner diameter (mm)	Packaging (g/m)	Weight (m/pack)	Operating pressure (Mpa)
25	50	200	0.8
32	50	230	0.8
38	50	270	0.8
51	50	360	0.8
63	50	500	0.8
