

Laserliner®

CROSS- AND LINE LASERS

HIGH VISIBILITY

3D-line lasers

X1-Laser

NEW

Green cross-line laser with a horizontal 360° laser circle and one vertical line

- The horizontal laser line creates a closed 360° laser line, and the vertical laser line is perpendicular to it.
- Optimised for work close to the ceiling
- 3° self-levelling range, accuracy 0.2 mm / m
- Individually switchable laser
- Additional slope function for aligning inclines
- With the magnetic clamp and wall bracket CrossGrip Pro the device can be used as a stand-alone unit, in a combination as well as in horizontal and vertical position. With adjustable clamping range.
- Ideal for mounting on drywall construction profiles
- Long-lasting, powerful rechargeable lithium-ion battery
- Micro USB port for charging battery
- Power pack connection for continuous operation
- GRX-Ready: in combination with the optional laser receiver, the integrated hand-held receiver mode permits detection of laser lines at long distances and under unfavourable light conditions.
- Green laser technology with 0°C...50°C temperature range

* Approx. 6 times brighter than a typical red 630 - 660 nm laser

+ MORE POWER

Inclusive: X1-Laser, CrossGrip, 2x Li-Ion battery pack, power supply/battery charger, carrying case

X3-Laser Pro

Precise fine adjustment

Green three-dimensional laser with a horizontal and two vertical 360° laser circles

- Horizontal and vertical 360° laser lines with green DLD laser technology achieve high quality lines: precise, clear and therefore easily visible.
- Straight forward plumb function using laser crosses
- Optimised for work close to the ceiling
- 3° self-levelling range, accuracy 0.2 mm / m
- Individually switchable laser
- Additional slope function for aligning inclines
- With the magnetic clamp and wall bracket CrossGrip Pro the device can be used as a stand-alone unit, in a combination as well as in horizontal and vertical position. With adjustable clamping range.
- Ideal for mounting on drywall construction profiles
- Out-Of-Level: is indicated by optical signals when the unit is outside its self-levelling range.
- Long-lasting, powerful rechargeable lithium-ion battery
- Micro USB port for charging battery
- Power pack connection for continuous operation
- GRX-Ready: in combination with the optional laser receiver, the integrated hand-held receiver mode permits detection of laser lines at long distances and under unfavourable light conditions.
- Green laser technology with 0°C...50°C temperature range

* Approx. 6 times brighter than a typical red 630 - 660 nm laser

+ MORE POWER

Inclusive: X3-Laser, CrossGrip Pro, 2x Li-Ion battery pack, power supply/battery charger, batteries, complete in the L-BOXX 136
