

#### HIGH VISIBILITY

#### Pendulum and sensor lasers

##### PowerCross-Laser 5 Combi

##### Green cross-line laser with ultra bright diode technology, and an additional 3 red laser lines and plumb function

- Extremely bright green DLD laser cross at the front achieves high-quality lines: precise, clear and therefore easily visible. Additional 3 vertical red laser lines.
- 2° self-levelling range, accuracy 0.2 mm / m
- Removable lithium-ion rechargeable battery
- Perpendicular alignment of vertical laser lines
- Straight forward plumb function using laser cross at the top and additional plumb laser.
- Additional slope function for aligning inclines
- The pivoted housing can be turned with a vernier adjustment mechanism to permit exact positioning of laser lines
- RX-/GRX-Ready: in combination with the optional laser receiver, the integrated hand-held receiver modes permit detection of laser lines at long distances and under unfavourable light conditions.
- Green laser technology with 0°C...50°C temperature range

\* Approx. 6 times brighter than a typical red 630 - 660 nm laser

**Inclusive:** PowerCross-Laser 5 Combi, power supply/battery charger, tripod adapter (for crank tripods), rubber caps, lithium-ion rechargeable battery, complete in the L-BOXX 136

ORDER NO.	EAN-CODE	PU

##### PowerCross-Laser 5G

##### Robust cross-line laser with 5 ultra bright, green laser lines and plumb function

- Product description same as PowerCross-Laser 5 Combi
- Extremely bright, green, high-quality DLD laser lines: precise, clear and therefore easily visible.
- 2° self-levelling range, accuracy 0.15 mm / m
- GRX-Ready: in combination with the optional laser receiver, the integrated hand-held receiver mode permits detection of laser lines at long distances and under unfavourable light conditions.
- Green laser technology with 0°C...50°C temperature range

\* Approx. 6 times brighter than a typical red 630 - 660 nm laser

**Inclusive:** PowerCross-Laser 5G, power supply/battery charger, tripod adapter (for crank tripods), rubber caps, lithium-ion rechargeable battery, complete in the L-BOXX 136

ORDER NO.	EAN-CODE	PU
032.060L	4 021563 692736	1

##### PowerCross-Laser 8 S

UPDATE

##### High-precision cross-line laser with 8 ultra-bright laser lines, plumb function and Bluetooth interface

- The 4 horizontal laser diodes project a very bright homogeneous 360° laser line, the 4 vertical laser lines are aligned at right angles to one another.
- Motorised adjustment up to ± 3°
- 3° self-levelling range, accuracy 0.1 mm / m
- Removable lithium-ion rechargeable battery
- IR remote control allows the manual slope function for aligning inclines to be controlled. The relevant axes are visually displayed via LEDs.
- Straightforward plumb function using laser cross at the top and additional plumb laser
- The pivoted housing can be turned with a vernier adjustment mechanism and horizontal circle to permit exact positioning of laser lines
- Bluetooth interface with remote control

- RX-Ready: The laser receiver RX 40, which is available as an optional extra, can detect laser lines in a range of up to 40 m – ideal for outdoor applications.

**Inclusive:** PowerCross-Laser 8 S, laser enhancement glasses, power supply/battery charger, remote control, tripod adapter (for crank tripods), rubber caps, lithium-ion rechargeable battery, complete in the L-BOXX 238
