

Bevel Edge Chisel PREMIUM

Detailed description

Inovated chisel with improved cross-section of the blade that minizes friction when cutting into wood. Improved grinding of the edges creates expecially thin sides which are in particular needed in dovetailing.

Ergonomic handle from hard and hefty hornbeam wood is strong enough to withstand heavy mallet blows. Combination of the stained hornbeam handle, brass plated ferrule and improved grinding of the blade creates a unique design of the tool.

Blade

- forged from highly alloyed Cr-Mn steel
- heat treated up to 59 HRC
- fully ground and sharpened
- thin sides for sidewall clearance

Handle

- ergonomic with round cross-section
- stained hornbeam wood
- brass-plated ferrule

Description

Code of goods	Blade width (mm)	Blade length (mm)	Total Length (mm)	Handle size (mm)
811606	6	120	254	134 x 31
811608	8	122	256	134 x 31
811610	10	124	258	134 x 31

811612	12	126	260	134 x 31
811614	14	128	262	134 x 31
811616	16	130	275	145 x 37
811618	18	132	277	145 x 37
811620	20	134	279	145 x 37
811622	22	136	281	145 x 37
