

Ролка Estebro® за плъзгачи се врати в кутия с бял цвят ф 60x16 мм, неръждаема стомана AISI 303, завинтване

Semi-embed wheel Ø 60 mm

Family: Wheels for aluminium

Material: Wheel of AISI 303 stainless steel, box of aluminium

Finish: Lacqued box

Maximum weight supported*: 300 kg

Description: Wheel with box and bearing 6201 2RS. It is used in aluminum sliding doors to allow their displacement over the guide. Its installation consists in fixing the box to the door's base with two M6 screws.

Better resistance to the corrosion, screws with anticorrosion treatment (Geomet) for a good compatibility with aluminum.

For profiles which inner width is more than 30 mm.

***In perfect conditions of installation, usage and maintenance.**
