

fischer Wash basin fixing WST 140

Art.-No. 45494

Top Features

- Complete fixing set with plug, stud screw, flush sleeve and nut.
- The flush sleeve with collar prevents direct contact between the ceramics and screw, thus protecting the ceramics from damage.
- UX plug for fixings in all solid and hollow building materials. Pre-positioned and push-through installation possible.
- High-strength nylon that is resistant to ageing.
- Adjustable flush sleeve for precise height adjustment of ceramics.
