

fischer Eye screw GS OES 10 x 160 E

Art.-No. 41058

Product Description

The fischer zinc-plated steel eye screw GS (8 and 10 mm diameter) can be secured directly in wood or anchored in concrete and masonry using fischer plugs. The ideal interaction of the eye screw and fischer plug allows for a high load-bearing capacity, thus providing increased safety. The high-quality weld prevents the eye from opening, thus providing extra safety. The fischer eye screw is ideally suited to the fixation of chains, ropes, trellises, and clothes lines.

Advantages

- The ideal interaction of the eye screw and plug allows for a high load-bearing capacity, thus providing increased safety.
- The high-quality weld stops the eye from opening.
