

FLOOR SCARIFIER BMP 265 | 400 V | EU

BMP 265 scarifier is powered by an electric motor and is ideal for medium and large-sized applications. This machine benefits from an ergonomic design. The braking system with a steering handle will slow down the machine itself for a user friendly high performance scarifying machine. The working depth of the drum with

cutting/milling tools is easily adjustable and precise to the millimetre. It comes equipped as standard with a complete drum with cutters.
