

FISKARS®

SingleStep™ Universal Snip SP28

Item #: 1000571

[STORES](#)

Fiskars SingleStep™ Universal Snip SP28 is not a pruner but rather an extremely handy cutting tool for all those other cutting tasks you find in the garden when you are gardening. If you have ever needed to cut some string when you are setting up a frame or need to cut some light wire for constructing something these snips offer an invaluable cutting companion. Their sturdy handles made from FiberComp are fashioned for a comfortable grip and their overall well balanced design fit neatly in the hand for a steady cutting action. Carbon steel blades ensure durable performance cut for cut.

Product number	111280
Product article number	1000571
International Article Number (EAN)	6411501112804
Width	70 mm
Length	208 mm
Weight	200 g
