Application: shaping, broaching and thickening
Machine: shapers, multilateral profile millers, surfacers and thickeners

Characteristics:

» width 40 mm, thickness 4 mm
» knifes can operate with limiters (manual shift) or without (machine shift)
» knife material – tool steel, SP
» limiter material – structural steel, SP
» the limiter prevents tool “kicking” at manual feed
» the limiter has a profile cut 0,8 mm deeper

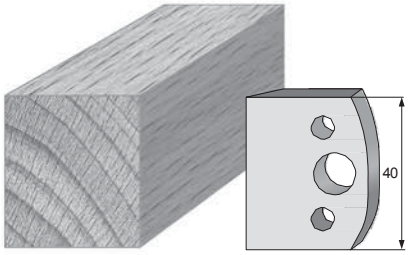

Semiproducts for Profile Cutter Cut

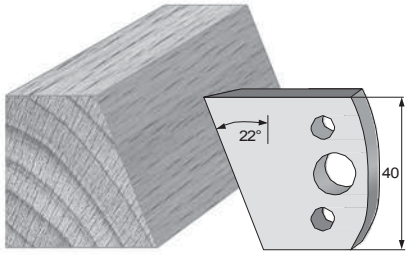

» Semiproducts of both limiters and profile knifes are in the same dimensions
» For maximum profile depth up to16 mm
