*Llevan taladro para candado. *Levan furo para cadeado. *They have a hole for lock. * Tous avec trou pour cadenas.

Bolt to screw, short

Family: Bolts

Material: F1 steel, DD11 steel

Finish: Zinc-plated

Description: Component used to prevent the involuntary opening of the door. The piece has 6 holes of Ø5.5-6 mm,

4 in the plate and 2 in the bridge, which allow its fixing with screws. The bolt has a Ø 7 mm hole for the possible installation of a padlock.
