

Панта Estebro® за заваряване кръгла регулируема M10, 20x100 мм, 624

Cod	Dimens.	A	B	ØD	M		
624	20x100	96	48	20	M.10	12	2,75
625	25x150	146	73	25	M.10	6	3,40

Family: Regulating hinge

Material: Stainless steel AISI 303

Description: Mechanized component which is installed on a metallic swing door to allow its opening and closing. It is specially designed to allow the height adjustment of the doors in which is installed. The axle is made of brass in order to avoid the seizing of its elements. The regulating system consists of two screws: the inner one which rests on the lower base of the axle and allows its regulation (cod. 624 from 0 to 7 mm and cod. 625 from 0 to 12 mm); the outer one which rests on the inner screw working as a locknut to avoid its loosening.
