

Панта Estebro® шарнирна за безфалцови врати с лагери трисегментна 100x100x2.5 мм, 525SS

Family: SS Hinges

Material: Stainless steel AISI 304

Finish: Satin

Description: Component which is installed on a metallic swing door allowing its opening and closing. It is installed by screwing a flank on the door frame and the other flank on the edge of the door; this allows its opening and closing. The stainless steel washers avoid friction between both bodies.
