610P	20x150x3 Izda Esquerda-Left- Gauche	146	69	35	20	3	6 2,75
611P	20x150x3 Dcha Direita-Right-Droite	146	69	35	20	3	6 2,75

Family: Flag hinges

Material: Bodies: Stainless steel AISI 304L Axle and end caps: Stainless steel AISI 303

Finish: Polished

Maximum weight supported: According to study

Description: Component which is installed on a metallic swing door to allows its opening and closing. The axial bearing installed between both bodies softens the maneuver turn. It has a fixed cap on each end which blocks the axle and prevents it from rusting. For the installation: the lower part is welded to the frame, that is why it is necessary to design it for the different hands (right/left), depending on the turn direction of the door.
