### Power cutters

## Husqvarna K 2500

The Husqvarna K 2500 works with a traditional 400 mm cutting blade, and is frequently used for pre-cutting where you finish the job with a K 3600. The K 2500 is surprisingly light and manoeuvrable, powerful and durable, so you can work efficiently and comfortably for longer periods. As you avoid exhaust fumes and high noise levels, it's particularly well-suited to working indoors.

-  Cutting depth, max **145 mm**
-  Blade diameter, max **400 mm**

Daily exposure A(8) m/s<sup>2</sup> **2.7**

### Engine

Output power (As rated by the engine/motor manufacturer) **5.2 kW**

### Dimensions

Product size length **727 mm**  
Product size width **260 mm**  
Product size height **462 mm**  
Weight **8.3 kg**

### Sound and noise

Sound power level, guaranteed (LWA) **107 dB(A)**  
Sound pressure level at operators ear **85 dB(A)**

### Cutting equipment

Cutting depth, max **145 mm**  
Blade diameter, max **400 mm**  
Arbor diameter **25.4 mm**  
Blade thickness, max **5 mm**  
Peripheral speed, max **100 m/s**

### Hydraulics

Hydraulic oil flow **40 l/min**  
Hydraulic pressure, max **150 bar**

### Vibrations

Vibrations left/front handle **7.5 m/s<sup>2</sup>**  
Vibrations right/rear handle **5.2 m/s<sup>2</sup>**
