

RC6050 Rear exhaust

Benefits

- Fast and compact,
- Does not blow onto the sheet metal
- Efficient saw blade use
- Good for use with a balancer

Features

- Fast and handy air saw for sheet metals
- Insulated handle
- Exhaust guided to the rear side
- Ideally suited for precise cutting of car body parts, profiles and sun roofs
- 10 mm stroke

Part number	8951079001
Model	RC6050
Strokes per minute	9500
Stroke	10 mm
Net weight	0.65 kg
Length	262 mm
Average air consumption	3.7 l/s
Average air consumption	220 l/mn
Actual air consumption	330 l/mn
Air inlet thread size	1/4 "
Min. hose size	8 mm
Sound pressure	79.9 db(A)
Sound DBA pressure	90.9 db(A)
Vibration (ISO-8662-12)	7.8 m/s ²
Vibration α (ISO-28927-8)	12.57 m/s ²
Vibration K (ISO-28927-8)	2.09 m/s ²
Box dimensions	330x85x45
