

Rotary pump

SRL 980-25 I/min

Item number: 13 055

EAN: 4103810130557

Discount group:

Technical data

Delivery rate (I/rotation): 0,25 Delivery rate (I/min): approx. 25

Pumping media: oils, up to SAE 90, self-lubricating,

non-aggressive media, fuel oil, diesel,

petroleum

Usage: container, for 60 / 200 / 220 I

Application: for filling measuring vessels, storage cans and

canisters

Discharge: steel discharge spout

Length of suction tube (mm): 980
Barrel screw coupling: G 2" male

Lacquering: blue, Pantone 294 C

Materials of parts in contact with liquid

Pump housing: cast iron GG 25

Seals: NBR

Suction pipe: steel, galvanized bischarge: steel, galvanized

Dimensions LxWxH (mm)

Weight (kg): 4,9

Specification

- With suction filter
- Through barrel screw coupling height adjustable
- Packed in carton box
- With EAN bar code

Special notes

- Easy to operate hand-rotating operation for an easy use
- For oils, up to SAE 90, self-lubricating, non-aggressive media, fuel oil, diesel, petroleum

Packaging

Dimensions LxWxH (mm): 350 x 160 x 120

Weight including package (kg): 5,2
Packing unit: 1.0
