

## Бензинова помпа за поливни води Makita EW220ST

### Self-priming, Centrifugal pump EW120R, EW220R, EW320R

- Self-priming pump requires no water for subsequent pumping operation once initial pumping is done, and the pumping capacity is large.
- Efficient, economical operation is assured by directly coupled pump. It provides compactness and guarantees that power is not lost.
- Equipped with most advanced OHC engines. (except EW120R with OHV engine)

### Self-priming, Semi trash pump EW220ST

- Semi trash pumps are designed for light duty applications, but can be used for most of the applications, where Trash pumps are being used.

### Self-priming, Trash pump EW220TR, EW320TR

- Heavy duty construction pump are specially designed for heavy duty use such as construction field.
- Pumps with 3" pipe diameters are designed to suck up to 27mm dia. trash, and the pumps with 2" pipe diameters are designed to suck up to 20mm dia. trash.
