

Work Gloves

Work Glove Range

W1000 (drivers)

W2000 (rigger)

W3000 (drivers)

Picking up where welding gloves leave off, premium, general-purpose work gloves protect the hands against cuts and abrasion. Drivers style work gloves (W1000 and W3000) deliver simple, durable protection with all-day comfort. The W2000 rigger style glove meets the toughest conditions in a comfortable, gauntlet-cuff glove.

The W3000 drivers work glove adds the durability of full grain cow leather and a cold-weather lining, while the W1000 driver's work glove utilises unlined goatskin for the ultimate balance in hand protection, comfort, dexterity and durability.

- Drivers and rigger style options
- Gathered cuffs help keep the glove perfectly positioned
- Optimized materials and designs for a wide range of applications
- Not intended for welding applications
