

## DCL

| For pipe clamps | Permissible load [kN] | Weight [kg] | Quantity [set/pkg] | Designation for the order | Caatalogue number |
|-----------------|-----------------------|-------------|--------------------|---------------------------|-------------------|
| PST, PSF        | 1,8                   | 0,160       | 5                  | DCL12/16KPL               | 81131121600       |

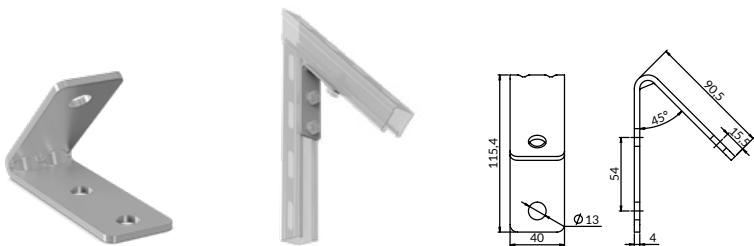

## MXD FITTINGS

NEW

 electro-galvanized

**Usage:** For creating spatial structures from mounting profiles. Stresses designed in the opposite direction to the bend increase the strength of the component.

## MX1DMF

| For channels   | Weight [kg] | Quantity [pcs/pkg] | Designation for the order | Catalogue number |
|----------------|-------------|--------------------|---------------------------|------------------|
| MF, MG, MH, MI | 0,200       | 10                 | MX1DMF                    | 81141100000      |

## MX2DMF

| For channels   | Weight [kg] | Quantity [pcs/pkg] | Designation for the order | Catalogue number |
|----------------|-------------|--------------------|---------------------------|------------------|
| MF, MG, MH, MI | 0,300       | 10                 | MX2DMF                    | 81141200000      |
