GALENA is a low safety shoe inspired by sport. It features an upper made of perforated suede leather and a lining in Polyester mesh which provide high breathability. The sides retro-reflective strips improves wearer safety.

The outsole resists to fuel and oil contact. It is slip resistant on ceramic or steel floor and offer protection and stability to the wearer. Its PU/PU double density construction provides comfort and durability. The insole made of textile fabric and EVA with holes guarantees an efficient cushioning and breathability. This model is equipped with a steel toe-cap and anti-penetration plate. GALENA is ideal for working dry environments..
