

Diamond blades Husqvarna ELITE-CUT F635

Optimal

Cured concrete hard

Good

Reinforced concrete, Brick, Cured concrete medium

Acceptable

Cured concrete soft

ELITE-CUT F635 is professional diamond blade series for cutting in cured concrete, green concrete and asphalt. The series was engineered specifically for our mid-powered floor saws.

Being in the Gold category, the blades are developed for intensive professional use in specialist applications, providing maximum cutting speed and wear resistance in heavy cutting operations.

Many blades offer undercut protection, which protects against wear on the steel core in abrasive applications.
