

Свредло Milwaukee за метал стандартно 9 мм, 81/125 мм, HSSG с 5% Co, Quad Edge DIN 338

- Metal drill bits ground from solid, extremely heat resistant 5% cobalt-alloyed high speed steel produced according to DIN 338.
- Suitable for drilling high alloy content steels and metals with tensile strengths over 1000 N/mm² like stainless steel.
- QUAD EDGE™ Tip: unique combination of 135° split point and four cutting edges: 135° split point allows for precise & fast drilling start without walking. Four cutting edges create smaller chips to prevent heat build up for longer life.
- Variable flute geometry: For faster material ejection. Helps the bit run cooler and prevent it from burning out faster.
- Enhanced tapered web: Wider core towards the shank of the drill bit. Strengthens the core to increase overall flute durability.

Article Number	4932373352
Diameter (mm)	9.0
Pack quantity	5
Total length (mm)	125
Working length (mm)	81
