

# Cable installation

## Fastening elements for aligned installation of sheathed cables

### KB Cable bracket

**For aligned installation of plastic-sheathed cables.**

Material halogen-free, PP, UV-stabilised, temperature range: -10 to +85 °C. **HO** = halogen-free

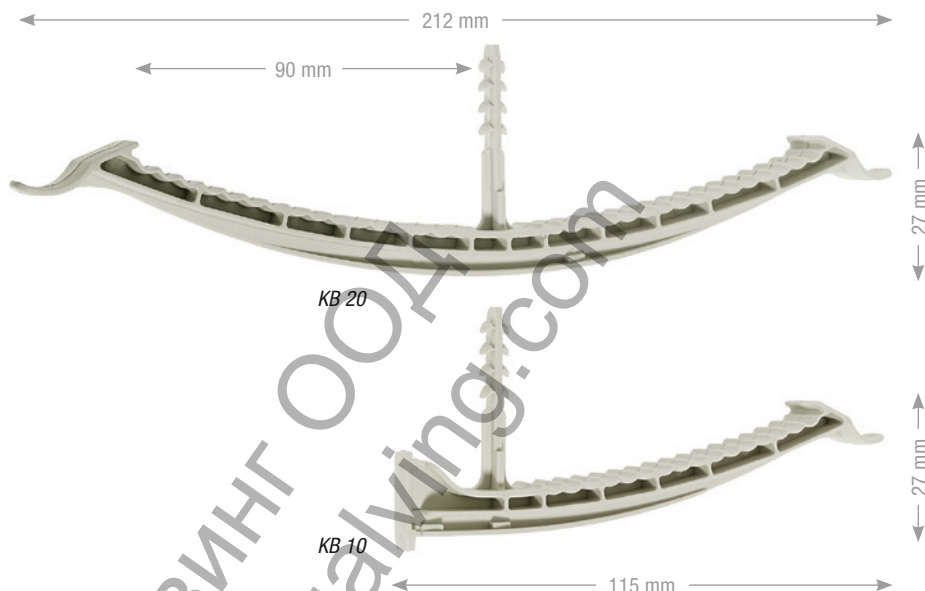

Type	Article number	Colour	Content Pack	Content Box
KB 10 <b>HO</b>	30420	light grey	50	1,000
KB 20 <b>HO</b>	30440	light grey	25	600

KB cable brackets were developed for aligned installations of cable bundles.

An additional EC Euro-Clip for Conduit installation can be mounted at the center of the KBS.

### KBS Cable bracket for shooting

**For the aligned installation of plastic-sheathed cables using common direct shooting fastening systems.**

**The KBS is adapted to the shooting tools from Hilti, Spit and Würth (Art. nr.: 0864 90).**

Material halogen-free, PP, UV-stabilised, temperature range: -10 to +85 °C. **HO** = halogen-free

Type	Article number	Colour	Content Pack	Content Box
KBS 20 <b>HO</b>	30460	light grey	—	100/500

Of course the possible combination between EC Euro Clips and KB cable bracket is given.
