- Suitable for cleaning patios, driveways, sidewalks, and light debris in residential, commercial, and public spaces
- High cleaning performance is achieved through two main brushes (electric rotary-type) capable of cleaning a wide variety of waste sizes, such as cement powder, wood chips, paper waste, plastic bottles, and more
- Switchable brush rotation speed for both the main brush and side brush
- Dust collection function reduces airborne dust captured by the brushes
- Handle can be folded to stand the machine upright for compact storage
- Low noise mode
- Two batteries in parallel - once one battery has reached its limit, it automatically switches to the second battery
