- Ideal for demolition work like shattering concrete (demolition face) or driving stakes and wedges (driving face)
- Patented IsoCore™ Shock Control System absorbs strike shock and vibration to reduce the punishment your body takes, transferring 50% less shock and vibration than wood handles
- Wedged demolition head concentrates force for up to 5X more destructive power than traditional designs and directs debris to the sides, not back at you
- The extra-large diameter driving head improves strike accuracy
- The inseparable riveted head will not slide down or snap off, even when swinging with maximum force
- The forged, heat-treated steel is finished with a rust-resistant coating
- SoftGrip™ handle features a sculpted profile to fit the natural shape of your hand and a patent-pending strategic grip pattern with large dimples where fingers rest for maximum grip and small dimples where the palm rests to help prevent blisters
