TS 60 is an efficient tile saw with high cutting capacity for all kinds of tile material. With this table saw you get a maximum cutting length of 700 mm. You can easily plunge or mitre cut at 45 degrees for maximum versatility. The TS 60 is equipped with the innovative Jet Stream Water Containment System, which means the water and slurry stay in the cart during cutting which means slurry is minimised and the area around the saw stays clean and free of water spray. The machine is easy to handle by one person thanks to its light weight, foldable legs and wheels.

- Max cutting length **726 mm**
- Blade diameter, max **250 mm**
