FS 7000 DL

[Overview](#) [Features](#) [Specifications](#) [Media](#) [Where To Buy](#)

Our modern FS 7000 DL is a powerful diesel walk-behind floor saw with low emissions compliant with Tier 4 and Stage IIIB regulations. The product's size, weight and balance is optimised for high production in applications deep cutting asphalt and concrete. With an impressive level of sustainable torque from the Deutz turbo diesel engine, it maximise production rates in the toughest conditions and contributes to a healthier working environment. The modern, service-friendly design, ergonomic controls and electronic support systems are highly intuitive, with focus on operator efficiency and convenience. The product is available with single speed or with 3-speed gearbox, as well as blade clutch, electronic tracking system on the rear axle, 5th wheel, light kit, water pump kit and weight kits.

- Cutting depth, max **623 mm**
- Output power (As rated by the engine/motor manufacturer) **55.4 kW**
- Blade diameter, max **1500 mm**

Engine

Output power (As rated by the engine/motor manufacturer)	55.4 kW
Output power at tool shaft	50.7 kW
Engine cooling	Liquid / Air
Fuel tank volume	40 l
Cylinders	4
Number of strokes	4-stroke engine

Transmission

Transmission speed reverse	0 m/min
Transmission speed forward	76 m/min

Cutting equipment

Arbor diameter	25.4 mm
Blade depth control	Electro hydro
Blade diameter, max	1500 mm
Cutting depth, max	623 mm

Dimensions

Product size length	2465 mm
Product size width	1003 mm
Product size height	1499 mm
Weight	1306 kg
