

## **G13BY/G13YG** **125mm (5") Disc Grinder G13BA**

G13BA/G13BY

G13YG

### **Power**

**Heavy Duty 1,700W Motor** (G13BY & G13YG)

### **Comfort**

- **User Vibration Protection System for Less User Fatigue**  
Delivers less hand-arm vibrations thanks to the integrated auto-balancer and anti-vibration side handle.  
  
The balls in the auto-balancer move and even out the imbalance of the grinding disc, greatly reducing vibrations.

**Soft Start for Reduced Start-Up Reaction** (G13BY & G13YG)

### **Convenience**

- **Tool-less Disc Change System for Ease of Use**

The wheel nut can be loosened and tightened by hand: when the push button is pressed just before the grinding disc stops after switch-off, the wheel nut loosens itself by around half a turn and can be removed without additional effort or tools.

Note: Make sure to use a genuine wheel nut designed for the model.

- **Tool-less Wheel Guard Adjustment for Increased Versatility**

Allows a user to turn the guard around by pushing a lever.

## Safety

- **Fast Brake System for High User Protection (G13BY & G13BA)**

Mechanical brake stops the disc within 2 seconds after switching off.

- **Slip Clutch for More User Safety**

Ensures reduced kickback when the disc jams unexpectedly.

- **Anti-Restart Protection for Accident Avoidance**  
Prevents unintentional restart of the tool.
- **Overload Protection for Longer Service Life** (G13BY & G13YG)  
The load speed decreases when there is too much load on the tool.
- **Electronic Signal Indicator** (G13BY & G13YG)  
The display lights up when the overload protection is activated and it flashes when the restart protection is active.

## Specifications

Model	G13BY	G13YG	G13BA
Wheel Dia.	125mm (5")		
Capacity			
Hole Dia.	22.23mm (7/8")		
Thickness	6mm (1/4")		
Spindle Thread	M14 x 2		
Power Input	1,700W		1,250W
No Load Speed	11,000/min.		
Overall Length	335mm (13-3/16")	315mm (12-13/32")	335mm (13-3/16")
Weight*	2.8kg (6.2lbs.)	2.7kg (6.0lbs.)	

**Standard Accessories** Side Handle, Wheel Guard

- Weight: According to EPTA-Procedure 01/2003.

## Optional Accessories

**Part Name**

**Code  
No.**

Dust Protection  
Filter

750449

Detachable dust filter protects the motor from coarse particles.

Cutting Guard Clip

372701

Designed to simply attach to the existing guard.
