

BLOCK AND STONE BENCH SAW EUROKOMAX MS400 (WITH DIAMOND BLADE)

- Motor: Electric
- Motor power (V/Hz): 230V/50Hz
- Motor power (kW): 2,2 kW
- Max. diamond blade: 400 mm
- Max. cutting depth: 140 mm
- Max. cutting length: 650 mm
- Water supply: Water pump
- Weight (kg): 85 kg

Cuts any kind of construction material, specially prefabricated concrete blocks, **Porotherm blocks**, Ytong blocks, large bricks, etc.

- With a **cutting depth of 140mm** MS400 easily **cuts 25cm height blocks** in two passes.
- MS400 Block Saw is a tough and robust saw, so **vibration is avoided** during the cutting and assures an improved performance of the **diamond blade**.
- Height regulation – the cutting head can be **easily raised and lowered** allowing different cutting depths.
- The sliding cart is featured with cylindrical shaped wheels, which slide on through cylindrical shaped guides, assuring then **absolute stability**.
- Table saw **safety blade guard** is made of steel, it is a necessary part of the tablesaw assembly.
- Protected, plastic covered switch.

- Gradual ruler.
- Supply of **flushing water on both sides** of saw blade.
- Easy carriage thanks to the **wheels**.
- **Legs are removable** in order to make carriage and storage more comfortable.
- 2 Handles on both sides of the machine for **convenient transport**.
