

# BLOCK AND STONE BENCH SAW EUROKOMAX MS650 UNI 400V (WITH DIAMOND BLADE)

- Motor: Electric
- Motor power (V/Hz): 400V/50Hz
- Motor power (kW): 4 kW
- Max. diamond blade: 650 mm
- Max. cutting depth: 270 mm
- Max. cutting length: 870 mm
- Water supply: Water pump
- Weight (kg): 115 kg

Efficient brick saw, which assure cutting Porotherm bricks with a **single pass** easily and precisely as well.

This type of brick saw has a **massive and stable frame**, equipped with 650 mm cutting blade and with a 400 V three phase motor together.

The machine is able to cut through **25 cm high blocks** quickly without turning them over.

Thanks to flushing water on both sides of the blade, the **cutting is clean** and unnecessary dust is not produced.

## Advantages of MS650 UNI:

- **Legs are removable** in order to make carriage and storage more comfortable.

- MS650-UNI Saw is a tough and robust saw, so **vibration is avoided** during the cutting and assures an improved performance of the **diamond blade** and the moving tray.
- Easy carriage thanks to the **wheels**.
- 2 Handles on both sides of the machine for **convenient transport**.
- Supply of **flushing water on both sides** of saw blade.
- Removable tray.
- Anti-skidding tray.
- The table allows to cut longer blocks.

**The machines are delivered together with 650mm blade!**

The 650 mm cutting blade is suitable to cut different types of construction materials such as bricks, fire-bricks, concrete blocks and reinforced concrete blocks.
