## Features

### **The 12-year warranty ensures high quality**

\* For detailed warranty conditions, please refer to the enclosed operating manual or online at [www.gardena.com/warranty](http://www.gardena.com/warranty). This warranty does not affect your legal warranty claims.

### **Reinforced with textile**

Due to the internal textile the hose is pressure-resistant and keeps its shape.

### **Quality hose suitable for pressure up to 22 bar**

The PVC Classic Hose made of quality material can withstand pressure up to 22 bar.

# Description

## Hose, 50 m

The pressure-resistant GARDENA Classic Hose is free of harmful plasticizers (phthalates) and heavy metals, and of course UV-resistant. If required, it can be systematically supplemented with the Original GARDENA System Fittings and connecting devices. These are the perfect prerequisites for easy and flexible use in your garden.
