

## T 7500

[Overview](#) [Features](#) [Specifications](#) [Accessories](#) [Where To Buy](#)

T 7500 is an effective industrial dust extractor to match the grinding machines Husqvarna PG 820, PG 680 and PG 400 (3-phase) as well as shavers, shot blasters and saws. Ideal for heavy-duty work and exacting demands on dust extraction. T 7500 is equipped with a quiet, yet powerful turbine motor delivering exceptional airflow. The machine can deal with materials that are difficult to handle, such as grinding dust and demolition materials in a wide variety of applications. Has a reliable filter system with high collecting efficiency and a long filter life, and can deal with large quantities of fine dust. Comes with two oversized tested and certified HEPA class H13 filters and sock-style pre-filters providing nonstop grinding and a long service life. The pre-filters can be cleaned from outside of the tank via Jet Pulse negative air pressure. The Longopac® bag hose system ensures simple, dust-free bag changes.

- Phases **3~**
- Air Flow, m<sup>3</sup>/h **600 m<sup>3</sup>/h**
- Rated input power **5.5 kW**
- Weight **206 kg**
