

## AIR SCRUBBER A 45 | 230 V | 1 ph | RoW

The A 45 is part of our latest generation of air cleaners, developed with a whole new level of intelligence and mobility to meet customer demands. Recommended for spaces up to 45 m<sup>2</sup> in a single-use set up. A colour-coded visual alarm clearly indicates the filter status. The innovative units are compact and stackable – an advantage when it comes to maintenance, transportation and handling. The A 45 can be used as both an air cleaner and a negative air machine. Two- or three-stage filtering captures various particles commonly produced on a construction site, including silica dust and wood dust, as well as dust from metal, gypsum and other materials. The active carbon filter is available as an option.

### Motor

#### AIR SCRUBBER A 45 | 230 V | 1 ph | RoW

Rated input power	0.53 kW
Phases	1 ph
Voltage	220-240 V
Rated current	2.3 A
Frequency	50-60 Hz
Max. vacuum	9.5 mbar
Power source	Corded

### Product data

#### AIR SCRUBBER A 45 | 230 V | 1 ph | RoW

Air flow	1,000 m <sup>3</sup> /h
Airflow at turbine	1,658 m <sup>3</sup> /h

Product size length	370 mm
---------------------	--------

Product size width	410 mm
--------------------	--------

Product size height	580 mm
---------------------	--------

Weight (complete product w/o side packed articles)	20 kg
--	-------

Packaging length	480 mm
------------------	--------

Packaging width	410 mm
-----------------	--------

Packaging height	660 mm
------------------	--------

Article gross weight	24,000 g
----------------------	----------
